For some children, returning to school will be a huge financial challenge to their families. To get all the required school supplies, it can cost a family \$40 per child. For some families, this amount is insurmountable. Local not-for-profit organization, 2Serve, is collecting backpacks and supplies to help some of these families.

Your donation of supplies can mean many needy children will be ready for the school year. Last year, due to your generosity, we distributed 49 backpacks to local children. The goal this year is to fill at least 60 backpacks for children grades 1-8. Either buy any items on the list, or fill a whole backpack. Any and all donations will be greatly appreciated and can be given directly to **Brenda Kumornik** at church service on any Sunday morning from July 26-August 30.

Deadline for donations is **Sunday, August 30.**
