

## Sunday Service Leading—May 1st

We're getting ready for another spring celebration with our neighbours at Forest Heights Long Term Care Centre!

Just some final notes:

- Talk together at home about how Jesus exhorted us to visit the sick, and to love and care for others without condition. Encourage your child to pray for the residents and workers, and celebrate his/her willingness to put the needs of others first.
- On the day of, your child may wear dressy but comfortable clothing... **Remember, the focus is not on performing, but rather on worshipping together and leading the service.** We will wear our coats and boots/shoes over to FHLTCC; if your child decides to bring indoor shoes, he/she must be responsible for bringing them to and from the centre.
- **If you suspect your child is fighting a virus, do not send him/her to FHLTCC.** If necessary, we will have a leader stay back with children who may have colds, etc. It is crucial that we do not knowingly bring illness into the centre.
- **Drop your child off in the Great Room at 9:30am on Sunday, May 1st. Feel free to stay and watch our last rehearsal!** Because it can be very crowded at FHLTCC, and because our goal is for the kids to feel they are ministering rather than performing, **we ask that you do not attend our service without prior permission.**
- **Pick your child up at the Hub as usual, at 11:45,** after the Westheights service. Please give us at least 5 minutes of grace, as the residents must be portered down for the service, and the service start time may vary.
- If you have skills in and equipment for quality photography/video recording, please consider taking some photo/video for our archive...If you're able to help in this way, please contact Charlene Neuman at [kids@westheights.org](mailto:kids@westheights.org)

Thanks for helping to make it all happen!
