

Sunday Service Leading—May 1st

We're getting ready for another spring celebration with our neighbours at Forest Heights Long Term Care Centre!

Just some final notes:

- **Do we have your student's signed permission form?**
- Why not take time to pray together as a family—for the residents, their attending family members and FHLTCC staff? And celebrate your student's willingness to put the needs of others first! Consider volunteering in the future at FHLTCC as a family —playing games with, reading to, and otherwise spending time with residents.
- **If you suspect your student is fighting a virus, please advise him/her not to attend the service at FHLTCC.** We recognize the sacrifice this may entail, especially given the rehearsal time some of our students have put in recently! However, for the well-being of the residents, it is crucial that we do not knowingly bring illness into the centre.
- **Drop students off in the Great Room at 9:30am on Sunday, May 1st.** They will be dismissed **at approximately 11:45** when they return to Westheights. Please give us at least 5 minutes of grace, as the residents must be portered down for the service, and the service start time may vary.
- If you have skills in and equipment for quality photography/video recording, please consider taking some photos/video for our archive! If you're able to help in this way, please contact Charlene Neuman at kids@westheights.org.

Thanks for helping to make it all happen!
