

# Congregational Meeting

On Sunday, June 7, 2026 at 6:30PM, we will be gathering for a congregational meeting to discuss and make decisions on two important matters that were introduced at our March AGM.

This meeting is open to all members and attendees of Westheights Community Church. We encourage everyone to attend, listen, and share input. As per our church governance, voting will be limited to members.

## Incorporation

At this meeting, the Westheights Board will be recommending that Westheights Community Church pursue incorporation.

In practical terms, incorporation would allow Westheights to become its own legal entity while continuing our strong connection with the Be In Christ denomination. It would also allow us to explore additional funding opportunities for future projects independent of what is available from our denomination.

We are bringing this recommendation forward with the full support of our denomination ([Click here to read a letter of support](#)).

## Facility Improvements

Over the past few years, we have been exploring ways to improve our church building. Working with Reinders & Associates, we have developed design options focused primarily on improving accessibility and creating a more welcoming space that better supports connection and community.

Following our AGM conversation, leadership believes the most appropriate next step is to move forward with a proposed foyer expansion that includes the addition of an elevator.

At this meeting, we will present a building design, cost, and possible timeline, for discussion and a congregational decision.

We're looking forward to this time together as we listen, discern, and move forward as a church family.

On behalf of the Westheights Community Church Board,
